MASOALA FOREST LODGE

Activity Guide

From the comfort of the lodge you explore the wildlife and beauty of this natural paradise with activities including forest walks, snorkelling, kayaking, traditional pirogues, swimming in the sea and the crystal clear streams, seasonal whale watching, fishing and experiencing sustainable life in the rainforest with the local Malagasy community. The warm, coral-rich waters of the Tampofo Marine reserve, offer exciting snorkelling right off the beach. The sea kayaks are ideal for exploring the islands, reefs, rivers and deserted beaches of the sheltered coastline or just to watch the magic of the sunset on the forested mountains.

Hikes

Hiking in Masoala is a unique and unforgettable experience for nature lovers, offering visitors the opportunity to explore one of the most biodiverse regions in the world and discover the unique flora and fauna of Madagascar. Hiking gives you a great method of connecting with the diverse and pristine rainforests and endless coastlines.

Reforestation Program

Give back to the planet by helping us plant endemic trees for lemurs and other local native species! There are areas on our reserve that were deforested for agricultural purposes before we began managing the land. It is our goal to protect and restore the coastal rainforest within the buffer zone outside of the National Park boundaries to increase more suitable environments for endangered wildlife to thrive. We would love for you to join us in our reforestation activities from planting trees to seed collection and nursery maintenance. Please schedule a time and plan with your guide and the activity manager in the office at your convenience

Duration:	1-2 hours
Suggested time:	Anytime during the day
Activities:	Easy hike, flat trails
Guide:	Required
Recommended shoe type:	Comfortable walking or hiking shoe
Recommended equipment:	Raincoat, bottle of water, shoes, sunscreen

MFL Private Reserve

The MFL Private Reserve consists of 40 hectares and can be entered from both sides of the lodge property. Five trails have been marked with wooden arrows. You are welcome to walk these trails either by yourself or accompanied by your guide. As this is private land, we are able to offer night walks at Masoala Forest Lodge which are possible every evening after dinner.

Night Walk

Duration: Decided by guest,
Length: 30-60 minutes.
Description: 8 of the 10 lemur species in Masoala are nocturnal. Therefore, a night walk is an essential part of the MFL experience! Guided night walks are offered every evening after dinner. They do not need to be arranged in advance. After dinner the manager will help organize your night walk. Please come prepared for rain because the rain can come suddenly, and at any time. Possible viewing highlights: sleeping birds, mouse lemurs, white-fronted brown lemurs, woolly lemurs, sportive lemurs, leaf-tailed geckos, sleeping chameleons, and aye-aye (if very, very lucky)

MFL Private Reserve - Green Route

Duration: 10 minutes
Length: 0,34km
Type: Loop
Description: This is our most accessible trail, but it is not lacking in beauty or wildlife potential. The course is mostly flat and can easily be combined with yellow or red trails.

MFL Private Reserve - Yellow Route

Duration: 25 minutes
Length: 0,8km
Type: Loop
Description: Easy walking, flat trail that takes you to the back of the private reserve and back out to the coast. This trail is flat with one area that floods after a big rain.

MFL Private Reserve - Red Route

Duration: 30 minutes
Length: 1,05km
Type: Loop
Description: The red trail splits off into the central section of the reserve. It takes you across a little stream and into some rugged terrain. The final section of the trail floods after rain, but this can be avoided by returning to the lodge on the yellow trail.

MFL Private Reserve - Purple Trail

Duration:	25 minutes
Length:	0,74km
Type:	Loop
Description:	This trail explores the southern section of the private reserve. There is a section that floods after rain.

MFL Private Reserve - Orange route

Duration:	25 minutes
Length:	0,77km
Type:	One way
Description:	A fun straight trail with a handful of bridges. The end of the trail is marked with a sign. At the end of trail sign you have 3 options. If you go right you can swim in the Tampolo River. If you go left, you will find the beginning of the White Trail. Finally, you can turn around and connect to the blue trail or return to the lodge.

MFL Private Reserve - Blue route

Duration:	30 minutes
Length:	0,82km
Type:	One way
Description:	A lesser travelled trail with diverse terrain. The blue trail is home to large granite rocks covered in foliage, a giant tree and a traditional Malagast footbridge across a small floodplain.

Seasonal Whale Watching

Humpback Whales

Humpback whales are known for their long migrations, and one of their most interesting journeys is the one they take to the northern waters of Madagascar to breed and give birth to their calves. Every year, these majestic creatures travel thousands of miles from their feeding grounds in Antarctica to the warm waters around Madagascar, where they mate, give birth, and care for their young before making the journey back to Antarctica. The humpback whale migration to the North of Madagascar is a unique and fascinating event that serves as an important reminder of the incredible abilities and resilience of these magnificent animals.

Whale watching by boat

Duration:	1 - 3 hours
Season:	June to September
Suggested time:	Please inquire at reception as best viewing times vary
Activities:	Boating
Guide:	Recommended
Recommended shoe type:	None
Possible highlights:	Humpbacks breaching and singing, a mother travelling with her calf
Note:	We can put a box on the boat for your camera if you like for quick protection from rain
Price:	1- 4 people = €270, for every additional person €70. This trip is not always available, please enquire at reception.

Whale watching by Kayak

Duration:	As long as you like
Season:	June to September
Suggested time:	The best time is when you have already spotted whales. Ask a manager for a kayak and get out there as quickly as you can!
Activities:	Boating
Guide:	Not required
Recommended shoe type:	None
Possible highlights:	Humpbacks breaching and singing, a mother travelling with her calf
Note:	Your best chance for a close encounter is to guess where the whale will surface next and paddle to that spot before the whale. Simply following them can be very difficult as they are much faster than you! By kayak you can get very close if you are lucky. It is a truly incredible experience.
Price:	Included in all packages

Rejuvenate

Antalaviana Day Trip

Travel by boat to Saholaina-a beautiful beach with coral-rich waters great for snorkelling or swimming. Then make your way down to the Antalaviana River, a river that cascades down from the densely forested hills above. You can swim in the crystal-clear water at the foot of the falls and sunbathe on a rock. After a relaxing picnic on the beach, begin your adventurous coastal walk back to the lodge (~3 hours/11 km). En route, you will ford rivers, and explore the village of Marofotra and surrounding plantations where the locals grow vanilla, cloves, pineapple, cinnamon, and pepper. You will also see the remnants of a colonial railway and learn much about the history of the region.

Duration:	Whole day
Suggested time:	09:00 - 16:00
Activities:	Advanced snorkelling, beach lounging, swimming, exploring, village visit, fording rivers and easy walking (long, but mostly flat and shaded)
Lunch:	Picnic lunch on the beach
Guide:	Required
Recommended shoe type:	A comfortable hiking shoe. We recommend boarding the boat barefoot or wearing sandals, then putting on your shoes at the island's beach.
Recommended equipment:	Pack a hat, sunscreen, swimwear, snorkelling equipment, hiking bottle and perhaps a foot towel to dry and sand off your feet after crossing a river. If you would like to take your camera, ask at reception for a drybag-backpack. Note: we will pack beach towels for you
Price:	Not included in the packages. The day trip can be requested at the lodge reception for 1-4 people = €270, for every additional person €70. This trip is not always available, please enquire at reception.
